

CONFIDENTIAL

PROJECT CHAOTICA, PROJECT TRACHEUS OPT

DESTRUCTION PLAN: FLOOD WATER

DESCRIPTION OF CONDITIONS:

- Danger of drowning (even in 6 inches of water flowing at 6 mph)
- Bacteria and chemical waste in the water can cause disease
- Cold water can lead to weaker muscles and hypothermia
- Destroyed homes and debris
- Poisonous snakes and fire ants in the water
- Fire hazards from broken gas lines and flooded electrical circuits

EXPERT RENDERINGS OF CONDITONS:

Swiftly rising high waters

Electrical fires and contaminated water
